<p>30</p>	<p>31 Environmental Management Paper 1 (11 Desks) AM 1h 45 min Report 10:00 am Test 10:15-12:00</p>	<p>June 1</p>	<p>2 Environmental Management Paper 2 (11 Desks) AM 1h 45 min Report 10:00 am Test 10:15-12:00</p>	<p>3</p>

- AM tests will generally run from 10 AM to 12 PM.
- PM Tests will generally run from 2 PM to 4 PM.

\*\*\*Graduation is scheduled for May 22. Students taking **Environmental Management** should be aware that these exams are scheduled after graduation and that **taking these exams is required by MNPS policy**. Consider these dates as you make post-graduation plans.

### **MNPS AICE Testing Requirements: PLEASE READ CAREFULLY!**

1. **Students are required to take the AICE exams for each AICE course in which they are enrolled.** This includes completing all required exam components.
2. Students cannot earn a Cambridge credit toward the AICE Diploma if they do not complete all components/papers of an exam.
3. Students who take AICE exams are exempt from their regular semester exams in their AICE classes. However, **if a student fails to complete any component of their AICE exam, they lose the semester exam exemption** (see exception in #2 above) .
4. Students must take the AICE exam for the additional points per MNPS grading policy. This means that **students who fail to sit for or complete their Cambridge exams will be stripped of the five extra points on each of their nine-week averages. They will also receive a 50 for their semester exam grade.** This will impact their semester averages and their overall GPA. For seniors this could impact scholarship opportunities and may affect their graduation status (see exception in #2 above).
5. Students must be mindful that **some Cambridge exams will be after graduation** - in the final weeks of May and the first weeks of June. **If a student misses a component of their exam without an excuse that is permitted by Cambridge, they will lose the five points on their nine-week grades, and they will receive a 50 for their semester exam grade.** They will also lose that credit toward the Cambridge Diploma. **Do not make summer travel plans until you know when your Cambridge exams will be held** (See exception in #2 above).
6. **Sophomores and juniors who know they will miss a component of an AICE exam** may have the opportunity to take that exam in the fall of the next school year. Students will still be disadvantaged, as they will no longer be in their AICE class the following fall, and they will have taken the class for the tested subject the previous year. However, this will give them the opportunity to keep the 5 points on their nine-week grades, keep their semester exam exemption, and earn a Cambridge credit toward the AICE Diploma. This is not an option for seniors. **Students in this situation must alert Mr. Trotter to any potential testing conflict before February 10, 2022.**
